Fees/Insurance Panels:

The cost of sessions depends on each patient's financial situation. Some of our providers are credentialed through various insurance panels and Employee Assistance Programs (EAP). For our counselors that are not participating on insurance panels, we do have a sliding scale fee schedule available that is based on family income.

Our mission is to provide compassionate and caring individual, couples and family therapy services that adhere to the highest professional standards. Our clinicians are all masters level counselors that are licensed or in internships for licensure.
